SUMMARY

Data Analyst with a background in Data Science and Engineering, experienced in building scalable analytics solutions, predictive models, and dashboards in the healthcare domain. Skilled in Python, SQL, Tableau, and statistical modeling to drive data-driven decision-making.

EXPERIENCE

*MocDoc, **Software Engineer***

Jun 2022 - Present

- Designed and developed 5+ scalable, multi-tenant web applications using Erlang, Django, and JavaScript, handling 5K+ monthly users.
- Reduced API response time from 2s to 0.8s for critical healthcare workflows.
- Led architecture design for modular components reused across workflows such as e-prescriptions, patient onboarding, and billing.
- Engineered backend components designed for distributed systems with consistent performance under concurrent load.
- Designed and maintained internal analytics dashboards for healthcare metrics using Python and Tableau.

EDUCATION

Birla Institute of Technology & Science, Pilani, India

Master of Technology (M.Tech in Data Science and Engineering)

Easwari Engineering College, Chennai, India

Bachelor of Engineering (B.E in Mechanical Engineering)

LICENSES & CERTIFICATIONS

Full Stack Web Development Certification

Corizo •

SKILLS

HTML5 • CSS • JavaScript • jQuery • Erlang • Django • Python • Tableau • System Design • API Security
